Grow orchids to perfection

Here at Orchid Extras, I endeavour to courteously supply you with all those extra requirements to ensure your ongoing success. I stock a very wide variety of basic items and some of the more unusual ones as well. My products can be located on my website and on eBay, though postal limitations apply. I also regularly attend Melbourne Eastern Orchid Society & Cymbidium Club meetings with a selection of products. The shows I attend are listed on my website.

My range includes:-
